

# DocPrint

10/09/2025 2:17 pm CDT

DocPrint is available to annual document subscribers. This feature allows you to create a batch of plans to; update plan provisions, run edit checks, convert your plans, assist with required interim amendments, and print any document/forms available from the Plan Document software. In addition, if you also subscribe to ftwPortal, you can publish documents to the portal for e-signature.

## Accessing DocPrint

The DocPrint feature can be accessed via the Wolters Kluwer menu as shown below.
